LANGUAGES

- English
- Hindi

HOBBIES AND INTERESTS

- Watching & Playing Cricket
- Cooking

PROJECTS

- **Student Enrollment System -** Developed using C.
In this project we can manage students information.Here we can perform operations like add new student data, student enquiry Id wise/name wise, view report, update and delete student record.

- **Pharmacy Store -** Developed using Java and Oracle.
This project is like e-commerce where we can manage buying and selling related to pills and medicines, it has two parts- Admin/Seller- He has to register on the site, after that he can login and add, update, delete categories and products or view the order. Customers- Customers will also have to register first and then can order after login.
